

Terms of use

A ticket must be purchased and validated before boarding the rack railway or funiculars, or entering the restricted zones. Please keep your ticket until you have left the station of destination.

Passengers must be aware of the ticket characteristics prior to purchasing it. Information thereupon is available on the information panels, the ticket vending machines and at the ticket offices.

Tickets are not valid if they have been altered and/or tampered with and must be accompanied with an identity card when required.

On the Montserrat rack railway return tickets are valid for the specified journey and for seven days starting from initial validation.

All unused tickets are valid until there is a change of fares. FGC will neither refund nor exchange them.

On Montserrat funiculars tickets are valid for one day from their issue.

Possession of a valid ticket guarantees use of the transport but not a seat on the rack railway and funiculars.

Seats reserved for specific groups must be respected and given up should the need arise.

Sitting on the floors of the Montserrat rack railways and funiculars is not allowed.

Children under three may travel for free if they do not occupy a seat.

They may not occupy a seat under any circumstances. Dogs considered potentially dangerous by law may not be tended by any person under sixteen years of age.
